Why do you want to become a member of the Saint Louis MHB Board of Trustees?

Linda Grayson invited me to join mhb, and after her passing, I felt a deep desire to honor her legacy by returning. I served on the board for 10 yrs but stepped away due to demands of a new role training students to fly drones at an underserved school. Now, with a less demanding job, I am eager to recommit to the board. My experience & passion align closely with the mhb's mission & vision, which I helped create, reflecting my strong belief in its purpose.

Please list your current and previous volunteer and/or Board experience

For the past 2 yrs I have volunteered to establish a drone training program @ madison HS focusing on underserved students. This initiative led 2 students securing internship w/ engineering co. & learning an FAA Part 107 drone pilot license. I currently serve as chairman of the Aerial Syne Education BOARD of Directors. Additionally, I have volunteered with Ready Reader, an exceptional organization. From 2012 to 2025 I mentored 27 international students @ Wash U in St Louis.

How did you learn about this opportunity?

Linda Grayson's passing.
